

Table of Contents

Chapter One – Introduction.....	I-1
I. Background.....	I-1
II. Objectives	I-1
III. Investigation Methods	I-3
IV. Contents of This Report.....	I-4
V. Terms and Definitions.....	I-5
Chapter Two – T&D Organization	II-1
I. Introduction.....	II-1
II. Background and Analysis	II-2
III. Conclusions.....	II-9
IV. Recommendations.....	II-16
Chapter Three – T&D Budgeting.....	III-1
I. Introduction.....	III-1
II. Background and Analysis	III-2
III. Conclusions	III-15
IV. Recommendations.....	III-17
Chapter Four – Assessment and Reporting of System Reliability Information	IV-1
I. Introduction.....	IV-1
II. Background and Analysis	IV-2
III. Conclusions	IV-12
IV. Recommendations.....	IV-14
Chapter Five – Distribution System Planning.....	V-1
I. Introduction.....	V-1
II. Background and Analysis	V-2
III. Conclusions	V-15
IV. Recommendations.....	V-19
Chapter Six – Distribution System Design	VI-1
I. Introduction.....	VI-1
II. Background and Analysis	VI-2
III. Conclusions	VI-11
IV. Recommendations.....	VI-12
Chapter Seven – Distribution System Protection.....	VII-1
I. Introduction.....	VII-1
II. Background and Analysis	VII-2
III. Conclusions	VII-19
IV. Recommendations.....	VII-22

Chapter Eight – T&D Lightning Protection.....	VIII-1
I. Introduction.....	VIII-1
II. Background and Analysis	VIII-3
III. Conclusions	VIII-16
IV. Recommendations.....	VIII-17
 Chapter Nine – Distribution System Operations and Maintenance	IX-1
I. Introduction.....	IX-1
II. Background and Analysis	IX-3
III. Conclusions	IX-19
IV. Recommendations.....	IX-22
 Chapter Ten – Distribution System Conditions.....	X-1
I. Introduction.....	X-1
II. Background and Analysis	X-2
III. Conclusions	X-11
IV. Recommendations.....	X-12
 Chapter Eleven – Substations	XI-1
I. Introduction.....	XI-1
II. Background and Analysis	XI-2
III. Conclusions	XI-26
IV. Recommendations.....	XI-34
 Appendix A – Responses to Staff Questions	A-1
